

Mediatech and Brad Noel Join Forces

After 25 years serving the Montreal area with the best product printing media and equipment, including 3M, HP, and Orafol brands, Mediatech announces the opening of its Ontario division. Heading the Ontario team as president will be Brad Noel.

'Mediatech has a solid track record and an excellent reputation, offering high-quality products, industry differentiation, and solid client relationships. They have industry-leading brands such as 3M, HP, and Orafol, for which it is not easy to get distribution rights. Simon and David (owners of Mediatech) are young, open-minded, successful entrepreneurs looking for the industry's next big game changer.'

—Brad Noel

President, Mediatech Ontario

About Mediatech

Mediatech was founded in 1994 in Laval, Quebec. The company specialized in supplying technical papers for engineers, architects, and surveyors. While offset printing was the norm at the time, digital was growing fast and became a serious alternative, especially in grand format printing. The owners decided that Mediatech would be the media supplier to pioneers embracing this technology shift. The company quickly became the reference for printers who needed answers to challenges they were facing in the transition from offset to digital.

Today, Mediatech is both a supplier and a consulting business to printers across Quebec Province. Their showroom in Laval showcases a wide variety of HP and Canon printers for which they offer maintenance and support.

While many boast unparalleled customer service, few companies have put this value at the centre of their business model. Mediatech has built its reputation on the quality of the products in its catalogue and on the quality of its business relationships.
